"Veggies on Wheels" (edited by Wolfgang W.) generally appears around the beginning of every month.

Dear Pfenning's Food Box Community,

Christmas 2023!

Some of you must gradually be wondering whether we might be having a green Christmas. Whatever the case may be, although we all love a white Christmas, for many of us the "white stuff" means primarily a lot of shovelling and just all around more cumbersome circumstances – something we *could* do without. Despite the relatively mild weather we have been seeing, we will more than likely be heading for the more frigid temperatures that we are accustomed to. Colder temperatures would actually be better for greens that were already sown, expecting them to germinate in the spring when it gets warmer, as they should, and not now, as has been happening with some salad greens that Almut had sown in her greenhouse. Agriculture on all levels is always a challenge and – as Angie from Fertile Ground (one of our [local growers](#) who works with greenhouses) confirmed – you never really know how the year will turn out.

As every year, we – certainly also in the name of our growers and suppliers – at [Pfenning's Organic & More](#) would like to thank all of you customers and supporters for choosing to give your support to us, a **local independent family business** serving you for 30 years and delivering our Food Boxes to you for a quarter of a century. Thank you to you all who value and support what we are doing. We are still here and plan to be for as long as you choose.

[Pfenning's Organic & More](#) (the Store) will be open as usual until Saturday, December 23rd. After the Store Holiday Break, we will reopen again for business on Thursday, January 4th, 2024. We would be happy to see you at the Store, if you can make it – even if only for a delicious cup of organic [coffee](#) in our coffee corner, prepared lovingly by one of the girls.

From all of us at Pfenning's Organic & More, we wish you a Merry Christmas and a wonderful New Year,

Wolfgang, Almut,
